SKILLS

- html, css and vanilla js
- Php, Python, MySQL and C++
- Voice Transcription
- Problem Solving
- Teamwork
- Adaptability
- Effective Communication
- light motor vehicle license

LANGUAGE

- English
- siSwati

ABOUT ME

I am a motivated and adaptable IT student seeking an internship to apply and grow my technical skills in a real-world environment. I have a solid foundation in web development (HTML, CSS, JavaScript) and backend technologies (PHP, Python, MySQL, C++). My strengths include problem-solving, teamwork, and communication, supported by experience in voice transcription and quick adaptation to new challenges.

WORK EXPERIENCE

Voice Transcription   2024

Uneswa
I used to transcribe data for Ealrly childhood Education project at Uneswa. I listened to audio recordings and converted them into written text.

Developed Internship Web Application   2025

Uneswa
I Developed this project to help both student and graduates in Eswatini to easily find internships online. Users can browse, filter and apply internships on this platform

Developed Digital Library System   2025

Uneswa
I built this project to enhance the access of educational resources, especially for rural and undeveloped areas in Eswatini. It supports students, teachers, and researchers by providing a centralized platform for books

EDUCATION

St Francis High School   2015-2019
EGCSE

University of Eswatini   2020-2026
Bachelor of Science in Information Technology
